

Applecross is new home

Project management company Terranovis have expanded and relocated their head office after outgrowing their accommodation in Fremantle.

Director Anthony Mylonas said that they considered several locations.

"We decided on Canning Bridge, Applecross, due to its good transport linkages, surrounding amenity, proximity to both the CBD and West Perth and ample parking for staff and clients," Mr Mylonas said.

The firm have 17 staff in WA.

Growing group shares awards

RE/MAX Western Australia toasted a successful year at their annual awards ball recently, achieving top results in what was billed as a tough year for the market.

Managing director Geoff Baldwin said the group's results were strong across the board, with awards given to agents and offices from Joondalup, Butler and Wanneroo, through to Baldivis and Bunbury.

"I'm very proud of our people,

especially since the awards were spread across so many of our offices, rather than just one or two dominating, as can so often be the case in real estate groups," Mr Baldwin said.

RE/MAX Extreme was named Top Sales Team and the Top Selling Principal was Janette Abbott from the Baldivis office.

The group has doubled in size to 12 offices over the past 18 months.

Campaign is big success

Demand for Satterley Property Group's two-month Building Blocks campaign has been strong, with 40 lots being sold in less than a week.

Eighteen of the sales were at Brighton Estate at Butler, one of nine Satterley developments in the campaign which also involves Bankwest and 32 of WA's builders.
